Call For MTA/NJ Member Testimonials

With a new membership cycle underway, we are working hard to continue to grow the association to its largest yet!

Since our members are our strongest advocates, we need your help.

We are looking for testimonials and/or examples of how membership in the Association has benefited you and your business. Any example that you can provide would be greatly appreciated and will go a long way in helping us raise the importance and awareness of the Association to other marine businesses. We work hard every day for you and with more members; we can become an even stronger and more powerful force in supporting the boating industry in NJ.

1. **How has the MTA/NJ helped you and your business? Please be specific. Here are a few questions you can answer to help with your testimonial:**
    a. Have you ever received a grant that the MTA/NJ assisted you with that benefited your business, i.e. I Boat NJ Program, CVA Program, Sandy Recovery?
    b. Have the MTA/NJ efforts for regulatory relief helped you with permitting or a project?
    c. Did you attend an MTA/NJ event that was informative and/or beneficial? Is the information the MTA/NJ provides to members useful?
