

## Claims Field Technician (New Jersey/Regional)

BoatU.S. is looking for a Claims Field Technician. This is a full-time, remote position and includes daily travel in and around New Jersey as well as some weekend work.

### Responsibilities include:

- Complete field inspections of boats to determine and document the cause, nature and extent of loss related damages
- Complete damage appraisal documenting extent of damage and cost of loss related repairs
- Provide written reports with photos and damage appraisal to in-house adjusting staff
- Assist training team to further develop technical training for our in-house adjusting staff
- Assist with other ongoing company and department initiatives related to skills

### Required Qualifications:

- Prior boat repair and estimating experience
- Computer and typing proficiency, excellent customer service skills, ability to handle medium call volume
- Ability to independently drive to and from inspection sites, safely board and disembark vessels on land or in the water
- Ability to document files in clear and concise manner
- Ability to communicate professionally in person and by phone with insureds, claimants and repairers
- Strong attention to detail, ability to work independently and with remote supervision, strong organization, priority setting and multitasking skills
- Ability to resolve conflicts or facilitate conflict resolution
- Already have or be able to obtain and maintain independent adjusters license
- Minimum Education of High School Diploma

### Desired Qualifications:

- College Degree
- Prior Marine Insurance Claims experience
