Objective: Looking for a part-time position in the marine service industry that would allow me to utilize my training that I am acquiring from Automotive Training Center (ATC). I am developing the skills necessary to become a qualified Marine Service Technician.

Qualifications

I am enrolled in the Marine Service Technology program at Automotive Training Center. I have completed course work in Marine Engine Performance and Diesel Fuel Systems. I am currently enrolled in an Engine Repair class. I am a dedicated student at ATC and will do the absolute best to learn more and apply my knowledge to the task at hand.
